Emergency Ballot Delivery Program

The Emergency Ballot Delivery Program is for voters that are hospitalized, incarcerated, or persons with disabilities who are unable to retrieve their ballots personally. The program allows voters to request a ballot up to 7 days before the election. The Registrar of Voters will mail the ballot to the updated address.

The Registrar of Voters introduced the Emergency Ballot Delivery Program service to all facilities throughout the county to give them the opportunity to request ballots for voters that are hospitalized, incarcerated, or persons with disabilities to assign a coordinator the ability to request and receive ballots on their behalf.

The Facility Coordinators' Application forms and instructions on how to complete and submit the Emergency Ballot Delivery Application are enclosed in this package.
